

The RubberTough line of posts offers a 3½" (88.9mm) post diameter with superior durability and flexibility. These heavy duty, impact resistant posts and channelizers stay in place even during prolonged exposure to winds and common impacts. The key innovative feature is the RubberTough Swing Hinge that features an unbreakable rubber construction as the flexible point for the post.

POST SYSTEMS

RubberTough posts are available with a Surface Mount Pin Lock Base (SMP), a driveable soil anchor or a portable base.

- Standard Post Colors:* White, Yellow or Orange
- Custom Colors:* Gray, Green, Blue, Black, Brown or Red
- Reflective Sheeting:* High-intensity Silver, Amber or Orange
(See pages 11 and 12 for additional decal and reflective options.)

Surface Mount Soil Anchor Portable Base

RUBBERTOUGH WITH 6" WRAP REFLECTIVE

Round 3½" (88.9mm) diameter post with 6" (152.4mm) reflective wrap. Standard posts are available in Orange, White, or Yellow with Silver, Amber, or Orange high intensity reflective. Specify post and reflective sheeting colors when ordering. Custom post colors and reflectives available.
